

Help Give “Wheels” To Meaningful Activities

You know that great feeling of just jumping in the car and going - even if you are just shopping “curbside.”

The Bethany Life Enrichment Team is already plotting grand outings – exciting excursions well beyond the trip to the doctor and admissions.

Thanks to so many generous givers, our new Summerville Bus – named for a generous gift from Corwin and Kay Stephan is now in production.

Do you want to provide a seat on the bus for our residents, tenants and members?

When the country opens up you know we will be ready to hit the open road!

Your gift NOW of any size is needed and appreciated and will get us fully funded before our bus is finished in 6 months.

Please consider ‘getting on board’ with your gift today!
